LeRobot

and get access to the augmented documentation exp

to get started

State-of-the-art machine learning for real-world

LeRobot aims to provide models, datasets, and  
The goal is to lower the barrier for entry to rob  
benefit from sharing datasets and pretrained mode

LeRobot contains state-of-the-art approaches t  
real-world with a focus on imitation learning and

LeRobot already provides a set of pretrained n  
demonstrations, and simulated environments so tha

LeRobot hosts pretrained models and datasets o
